

# At Gee Whiz, we understand that training is critical when implementing a new curriculum. That is exactly why we've created a series of 4 recorded webinars designed to help you use Gee Whiz with fidelity. All of these webinars are recorded ... offering 24/7 access with the opportunity for you to send any follow-up questions directly to the presenter. Each webinar is 30 minutes (2 hours total for all 4). To access all of the Onboarding Training Webinars and Post Assessments/Certificates, please follow these steps:

- 1) Go to www.geewhizeducation.com.
- 2) Look under the "Training & Support" tab for "Onboarding Training Webinar" and click OR follow this link: <u>https://geewhizeducation.com/onboarding-training-webinars/</u>. Please review the directions at the top of the page. We hope you find these helpful!

# **Onboarding Webinar Series Details**

### **ONBOARDING WEBINAR #1**

#### Accessing Gee Whiz & Understanding the Components

This webinar helps new Gee Whiz users learn how to access all of the Gee Whiz unit files. It also explains each component ... what it is and how it is meant to be used.

Length = 30 minutes

# **ONBOARDING WEBINAR #3**

#### Adapting & Individualizing Gee Whiz

No curriculum is, "one size fits all." This webinar will help providers learn how Gee Whiz adapts the activities for different developmental levels. We will also explore the tools included in the curriculum to help providers individualize even further.

Length = 30 minutes

# **ONBOARDING WEBINAR #2**

#### Understanding How Gee Whiz Addresses the 10 Developmental Areas

This webinar is so important! Providers will learn more about each of the 10 developmental areas addressed in the curriculum as well as how we use picture codes to link these areas to activities.

Length = 30 minutes

# **ONBOARDING WEBINAR #4**

#### Gee Whiz & Assessment

From anecdotal notes to formal assessment tools, this webinar is designed to help providers learn more about assessment & Gee Whiz. A detailed exploration of our *Connecting the Dots* component is a big part of this webinar.

Length = 30 minutes
